Big Sandy Fall Shoot - Spectators,

It's that time again! With fall rapidly approaching it's time to start preparing for the Big Sandy Fall Shoot to be held on October 19th, 20th, 21st, 2018 We expect the turnout to be huge so get there early and enjoy the spectacular day and night shoot.

New this year is for spectators to be able to compete in the matches. All you need to do is mail in \$25 a person with your name, which matches you want to compete in and we will sign you up for the matches. The \$25 fee enables you to compete in all matches. Just bring your firearm (cased and unloaded) to the shoot with appropriate ammo, safety glasses and hearing protection. This match fee is in addition to the regular entry fee for the event. Please see our web page for match times.

In addition to being able to participate in the matches we are also offering firearms classes at our event. We will be offering 30 minute classes for sniping and tactical carbine for \$30. We are also offering one on one, one hour classes for anything you wish to be taught such as combat pistol. The cost of the special one hour class is \$60. Just send in your payment requesting the class you wish to be taught and we will sign you up and schedule your class. The class fees are in addition to our regular entrance fee for the event.

The cannon shooters are making a huge effort to gather as many cannons as possible for this shoot. It should be spectacular.

Food will again be provided by the 4H club. Concession hours will be from Friday breakfast through Sunday breakfast.

Before heading to the shoot check our website for current road conditions. Make a note of site contact phone numbers encase you find yourself in need of assistance or etc.

We pride ourselves in our efforts to provide everyone with a safe place to shoot and thank you for your continued support. We look forward to hearing back from you and hope to have you join our MG Shooter's family for another "REALLY GREAT SHOOT."

Thanks

Ed Hope, Kenton Tucker
